handily from the Shamrock yesterday and has excellent chances for repeating the performance.

**THOSE NINE CENT MEALS**  
Evidently all this talk about the high cost of living is a myth. Records show that the average cost of maintenance of a patient at Kankakee state hospital is a little less than 27c a day. This means that meals are served the patients at an average cost of 9 cents. Either the menus are not very elaborate or else the appetite of the hospital inmate is not the normal kind.

**TRANSPORTATION DEVELOPMENT**  
The development of air line mail service, and for that matter all aerial navigation, has taken on new interest now that there are so many disturbances of railroad travel and such large increases in costs for both freight and passenger service are in prospect.

One helpful fact in the transportation problem is that the development of the touring car and truck have lessened the dependence upon railroad service.

**IT DEPENDS WHO SPENDS THE MILLIONS**  
Gov. Cox is greatly disturbed about an alleged fund of many millions to be collected to meet the expenses of the Republican campaign. Just how large the sum will be, made up from the contributions none of which is greater than \$1,000, remains to be seen. But a definite statement has been made that the Democratic national committee will spend at least \$4,000,000. The Ohio governor has made no reference to those Democratic millions.

This reminds one that there was a great howl at Democratic convention because some of the Republican aspirants for the nomination spent a little of their own money in the campaign, or money contributed by their friends. Nothing was mentioned of the horde of postmasters, revenue collectors, marshals and other Democratic job holders in attendance at the San Francisco convention and whose salaries and expenses came out of the people's treasury.

The rates which the railroads will inaugurate after increases are granted to meet the new wage scale will be from 33 to 40 per cent higher than now prevailing. To some people this will be a reminder of pioneer rates—of the days when 25 cents was the average letter postage.

**THEY GRIN AND BEAR IT**  
One really surprising thing about all this increased cost business is the calmness with which people nowadays receive news of any advance in price. They are no longer affected by any new advance, no matter how sharp it may be. Some such announcements they ignore as commonplace without interest, and for others they really smile.

Perhaps it is not surprising, after all, when one considers that one advance has followed another with stated regularity during the past two years and more. American people quickly get accustomed to changes and it is fortunately a national characteristic to make the best of any given situation.

**WAVERLY RESIDENT DIES AT HOSPITAL**  
B. F. Keplinger Passed Away Following Extended Illness—Long Time County Resident.

Waverly, July 21.—B. F. Keplinger, long time resident of this community, died at 3 o'clock Wednesday morning at a Springfield hospital. Mr. Keplinger had lived in Waverly for nearly a great many years. He was a veteran of the Civil War and had a service record in which he could well take pride.

Throughout a long period he was a member of the Methodist church and lived in a way to command the respect and admiration of his fellow citizens. Mr. Keplinger is survived by his wife and a number of children.

**WHITE HALL HAS CIVIC IMPROVEMENT PLANS**  
Lecture on Landscape Friday Evening May Inspire Work Along City Beautifying Lines—Other White Hall News.

White Hall, July 20.—An illustrated lecture in the interest of landscaping will be held in Whiteside park Friday evening of this week under the auspices of the park commission. The lecture is to be delivered by A. C. Bromm, assisted by Calver, Winnsborough. The speakers are provided by Stark Brothers of Louisiana, Mo., and it is believed that the event will inspire more work along the line of beautifying the city, and it is expected that there will be a large attendance of citizens and of people of the surrounding community. Plans are under way for another event in the park to follow this one, and it will be confined to an ice cream treat for the children of White Hall and vicinity twelve years of age and under, together with entertainment of an informal character. This children's event will be financed by a limited number of citizens who have had the matter in mind for some time, and if this initial effort proves a success, more extended events of the kind, lasting all day, may be expected during the autumn.

Dr. E. B. Waters was down from Winchester this week in company with his wife, formerly Miss Grace Prindle, and they mingled among their numerous friends. Dr. Waters states that an inspector of the state department of registration and education was in Winchester Saturday in looking up evidence against Dr. Waters for practicing surgery, but so far as learned nothing has been found to warrant action that would necessitate our former townsman giving up surgery. Dr. Waters is an osteopathic physician, and has a fine professional record, together with the recent addition of the only X-ray outfit in the county seat of Little Scott.

Rev. Harry R. Evans, a student of Wesleyan University, Bloomington, is spending the summer vacation with his parents, Mr. and Mrs. C. A. Evans, and has just learned of his being awarded first prize on his manuscript in the Illinois peace contest, and a check for \$75 has been received by him. Publication of the honor in the Bloomington papers, caused so many congratulations to begin coming to the young minister that he was unable to understand until he had straightened out the order for forwarding his mail. The manuscript now goes into the interstate contest. The debate feature of the contest was eliminated all around because of it conflicting with college work, and the grading is done on the manuscript. The contest money is furnished by Mrs. Seabury of New Bedford, Mass.

The first consignment of road oil received by the city this year consisted of two cars on Saturday, and oiling the streets is the main occupation of the street department this week. Roadhouse and Carrollton also received a supply. As soon as he catches up with the oiling work, Street Supt. Vermillion will put his force at work on excavating for the new walk at the rear of the brick buildings that adjoin Whiteside Park, and will do a lot of filling in order to develop a lawn over the new addition to the park where the old frame buildings have been removed.

On the outcome of the railroad situation depends resumption of operations at the plants of the White Hall Sewer Pipe & Stone-ware Co. This is not official, as the only official word available would come from Secretary C. B. Stahl, and he has had nothing to say publicly since the inauguration of the strike that tied up the works six weeks ago. The best information available however, that the men will be returned to their places on the agreed 2 1/2c per hour, increase without any question as to their union affiliation. The employees are now scattered in the harvest fields, and at Streator, Lincoln, Lowell, East Peoria and Alton, and it will take some time to herd them together after the decision to resume operations takes effect.

**FUNERAL SERVICES HELD FOR BERNARD GAUSE**  
Large Company Gathered at the Residence Wednesday Afternoon—Burial at Diamond Grove.

Funeral services in memory of Bernard Gause were held Wednesday afternoon at 4 o'clock at the late residence on North Church street. The services were in charge of Rev. W. H. Marbach, pastor of State Street church. Music was furnished by a quartet including Miss Cora Graham, Mrs. W. D. Hitt, Messrs. T. H. Rapp and W. W. Gilham. The quartet sang “Rock of Ages” and “Beautiful Isle of Somewhere,” both hymns included in a list of five that the minister knew were especially admired by the deceased.

Mr. Marbach opened the service with prayer and then read various passages of scripture, including the 90th psalm. He dwelt especially upon the language of the 12th verse: “So teach us to number our days, that we may apply our hearts unto wisdom.”

Mr. Marbach spoke of the deceased as an old friend, for he had come to know Mr. Gause intimately during the past year and in the weeks was a somewhat frequent visitor at the Gause home. He referred to a long and intimate conversation of last Saturday but refrained from details other than to say that he knew that Mr. Gause as a man believed in God and in His omnipotence. He believed in a living God, one actively interested in the affairs of this world and in the relationships of those who are His children.

Then the minister spoke of Mr. Gause as a man interested in progress. He said that recently when visiting him he found the deceased reading Henry George's book “Progress and Poverty.” He said that the word “progress” was indicative of the life for Mr. Gause studied forward movements and was constantly on the alert, earnestly interested in any project for the betterment of the city and citizens. Then he voiced the statement of the love of the deceased man for his home, and said that Mr. Gause realized that his home is the most powerful institution in the world.

In conclusion Mr. Marbach urged upon his hearers the necessity of thinking upon mortality and the fact that the final hour is certain to come to each one, and that the final hour is robbed of much of its sorrow if one can look back upon years well and righteously spent.

Interment was in Diamond Grove cemetery, where the grave was made beautiful with flowers. Those in charge of Mrs. Paul Trabue, Mrs. James Walker, Misses Alberta Scarlett and Ruth McDonald.

The bearers were W. W. Holliday, George E. Matthews, William Batz, Felix E. Farrell, Truman Strong and J. W. Walton.

Persons here to attend the funeral were:

Harry Schirding, Petersburg; John Robertson, Mason City; George Schwartz, St. Louis; W. C. Haviland, Aurora; William Schlager, Belleville; Richard Kennedy, Alton; Mrs. Harry Becker and son Leonard, St. Louis; Lee Paul Catavissa, Mo.; Eugene and Philip Darr, St. Louis; John Cantwell, Springfield.

**A NOVEL OUTFIT.**  
Yesterday afternoon about as novel an outfit as one often sees drove into the city and halted for supplies. The owner was W. H. Little and he was traveling from Austin, Texas, to Boston, Mass., expecting to return. He has taken a Ford car and lengthened the coupling and on it had erected what comes near being a regular house. It was a wooden box five feet, 9 inches by 9 feet, 9 inches, with bows like an old fashioned covered wagon across which was stretched canvas which had been treated to a coating of two gallons of “never leak” and was absolutely impervious to rain.

His car was fitted with a small housekeeping outfit and his family consisted of wife, four boys and two girls, the oldest child being sixteen and the youngest three years old. His number was 13165. He said he had had all sorts of experiences, once being in a storm when four inches of rain fell in six hours but all had to do was to draw in like a turtle and he and his family were dry.

He said once he was in a storm when trees and even buildings were blown down but his home was uninjured.

He was making good time though not going as fast perhaps, as he would with a light car. He expected to make his trip all right and return in due season.

**CAPT. MULLER MAKING RECRUITING TOUR**  
Capt. Charles Muller of Springfield came to Jacksonville yesterday and will go on to Winchester this morning. From there he will go down to Carrollton and Carlinville. He is out in his car making a recruiting trip to all the small towns in the Springfield district where there are no recruiting stations.

Capt. Muller was in the city last winter for nearly two weeks with a party showing government films.

He says that the harvest does not seem to cut down the rate at which men are joining the army. From July 1 to July 10, there were forty-eight enlistments in the district and from July 10 to July 20 there were forty-six.

### CAMPERS AT NICHOLS PARK

The project of having campers at Nichols park meets with very general favor. The park board is having some cards inviting tourists to that place and desires to have the directions posted conspicuously about the city. At the same time some are being printed on cloth to be placed in adjacent places telling travelers where they will be welcome.

A party down from Springfield yesterday said the idea was very popular there and he also added that many towns in various parts of the land are doing the same thing to great advantage.

## AMERICAN CUP DEFENDER WON FROM SHAMROCK IV.

Sailed a Great Race in the Third of the Series Wednesday

NO MORE RACING UNTIL FRIDAY

SANDY HOOK, N. J. July 21.—The American defender Resolute today defeated Shamrock IV their series for the America's cup, by her time allowance and not a second more.

The elapsed time of the two sloops was exactly equal. Whereas Shamrock was first to cross the finish line and took exactly the same number of seconds to cover the course she lost—because she had to give Resolute a time allowance of seven minutes and one second to compensate for her greater sail spread.

The elapsed time of both yachts was 4:03:06 by official figures. Unofficial timing gave Shamrock one second more elapsed time than Resolute.

The series now stands: Shamrock 2; Resolute 1. There will be no race tomorrow as planned because the Shamrock goes to New York to have her unruly crew replaced.

Today's tie, boat for boat was the first in the history of the cup races not only recalling but surpassing the contest between Shamrock II and Columbia in 1901, when the yachts finished two seconds apart.

Shamrock finished a scant half boat length ahead with a lead of 1½ seconds but as she gained precisely that advantage at the start, the race was miraculously in yachting events—a dead heat for the 30 mile course.

Resolute won by the amount of her handicap, seven minutes and one second. Veteran yachtsmen who followed the trim craft were unable to conjure up a picture that could compare with today's spectacle.

**Resolute in 15 Minute Beat.**  
 Resolute had taken the lead early in her favorite 15 mile beat to windward and rounding the stake with about a quarter of a mile lead, slipped swiftly down the wind with spinnaker and balloon jib topsail billowing superbly. But Shamrock, with her greater spread of canvas, and slowly but steadily ate up the intervening distance until, with little more than a mile to go her bows reached, then slowly began to creep past the defender's stern.

Shamrock IV kept up the steady crawl ahead until, at the half mile mark from the line she was nearly a full boat length ahead. Then Resolute caught a tiny puff of wind and crept up slowly almost imperceptibly. She had got her bow about even with Shamrock's towering mast when a puff of steam from the committee boat's whistle registered Shamrock's finish.

**Crews Had Easy Time.**  
 The crews on both boats, including skippers and observers, had an easy time of it on the homestretch, with no sails to shift and they crouched at apparently "pulling" for their sloop to win. When they had crossed both yachts hoisted the "C" flag that indicated unwillingness to race tomorrow and it was announced the next start would be Friday. Later it was announced Shamrock was placed in drydock tomorrow, presumably for cleaning and polishing of her hull.

The official summary:  
 Resolute—Start, 1:00:41; finish, 5:03:47; elapsed time, 4:03:06; corrected time, 3:56:05.  
 Shamrock—Start, 1:00:22; finish, 5:03:28; elapsed time, 4:03:06; corrected time, 4:03:06.  
 Resolute wins by seven minutes, one second corrected time elapsed time tie.

## GIRL MASQUERADES AS MAN IN HARVEST FIELD

Independence, Kan.—Feminine use of a pocket mirror proved the undoing of "Glenn Rose" who for several weeks masqueraded successfully as a harvest hand. Glenn then admitted she was a girl.

In police court where she was fined \$35 and her male companion \$25, she stated that she had been teaching school in Oklahoma and was 19 years old. To prospect of making big money in the harvest fields, she asserted, prompted her to start on the escapade. She had shorn her locks and was attired in overalls. For some time she worked on a farm along with men harvest hands.

"I noticed she wasn't able to do any very heavy work and had rather dainty features for a boy," said 129 employer after the disclosure had been made, "but never suspected that I had a lady harvest hand."

Glenn's male companion paid his own fine and left her to "wait out" her time in jail.

## OLD SHAVING BRUSH DOOMED

Even Lather and Rubbing Are Now Passe.

Up-to-date Men Are Using Barbasol for Shaving.

Life is truly becoming simpler. Another "habit" has been found a fallacy. All these years men have thought the shaving brush a necessity. With it we have wasted hours of our valuable time working up the lather on our beards preparatory to the daily shave.

Now, they say, this was lost motion; a waste of time.

The shaving brush is dangerous, carries germs of fatal disease, such as anthrax.

And, the alkali, which must be a part of soap in order to make lather, irritates the face and makes it sore.

Barbasol, the antiseptic beard softener, does away with all these, makes the skin healthy and free from all shaving irritations, smart, and soreness, and gives a better shave.

All drugists sell Barbasol.

SAN FRANCISCO, July 21.—President Hsu Shih Chang has ordered the Anfu and Chihli factions which have been fighting near Peking to declare an armistice, according to a cable despatch from Shanghai received today by the Chinese World, a local vernacular newspaper. Japanese forces were in the battle at Yang Tsun, near Peking, where fighting is going on between the Anfu and Chihli factions of Chinese, says a despatch from Yank Tsun received today by the Chinese World.

"Presence of the Japanese in the battle," said the despatch, according to the World, "has aroused fears on the part of the foreign residents in Peking and Tien Tsin that this interference

by Japs may create an anti-foreign feeling among the fighting Chinese factions which may lead to an anti-foreign attack."

## HAS ERECTED FINE BUNGALOW

E. N. Kitcher Planned Own Dwelling and Was Superintendent of Construction.

One of the handsomest bungalows ever built in Jacksonville is that recently erected for E. N. Kitcher on South Main street. The bungalow occupies the site of the old Scott home. That dwelling house was purchased a few years ago by Mr. Kitcher and he recently dismantled it and used the lumber in the construction of another building. On the site of the dismantled house Mr. Kitcher has erected a bungalow for which he drew the plans. He did not let a contract but employed men by the day and superintended the work himself.

The bungalow is 20x38 feet in general dimensions and is built from hard surface Petersburg brick. The roof is of asbestos shingles. A porch extends practically all across the west side. The entrance is to the living room which is very spacious. A handsome fireplace made from the same brick as the outer walls is placed at the north in this room, and on either side are built-in bookcases. The dining room is to the east of the main entrance and it is finished in a very appropriate way.

The kitchen is a model of convenience. Hot and cold water are available from city mains and in addition there are both cistern

Everybody had a delightful dinner after which they gathered in the parlor for a "sing" and an impromptu program. Miss Mary Dewesse played several numbers, and Miss Mary Matthews rendered several selections of her own composing. Mrs. W. I. Clarkson read a "Blighted Courtship as Related By Betsy Higgins." Little Miss Dorothy Wharton sang "The Bylaw Song." Mrs. George Beekman read the "Fireman's Wedding," and Miss Katie Vee Clarkson read "The Shadow on the Blind." "Grandma," Jasper, one of the oldest members of the Home, sang a song and gave two readings, one of which was her own writing.

The Class had as special guests Rev. O. C. Bolman and his mother. Brother Bolman made a few timely remarks at the close of the program after which the party dispersed to have some Kodak pictures taken on the lawn.

On the whole the occasion was a very enjoyable one and the guests departed, leaving a very happy group of old people who will have pleasant memories of the surprise for many months to come.

and well pumps. There are two living rooms on the south side, approached thru a hallway, which also affords space for a large linen closet. A spacious closet also adjoins each of the bedrooms.

The bathroom is also entered from the hall and the plumbing and tiled finish make it a model of completeness. All of the rooms have hardwood floors and the general finish is in curly birch.

Mr. Kitcher has devoted some special attention to the basement which is 8 feet deep underneath the entire house. An especially constructed fruit closet is built in the northeast corner. The coal room is at the southeast corner and is walled tightly so that fuel dust will not reach other parts of the basement. The hot water tank is attached to the furnace. A shower bath is available in the room at the south and there are some other conveniences which show that Mr. Kitcher has planned well for whoever may occupy the bungalow.

As soon as some outside concrete work has been done the residence will be ready for occupancy. As Mr. Kitcher planned the dwelling and superintended the work of construction, he naturally takes a great deal of pride in what has been accomplished.

Miss Helen Saye was a Jacksonville visitor Tuesday. R. H. Walton and Charles Thady made a business trip to Winchester Tuesday.

## Matrimonial

Harris-Orr.

Mr. David L. Harris and Miss Katherine Orr, both of Roodhouse were quietly married last evening at 6:30 o'clock at the residence of William Mellin, 218 South Church street, by Rev. T. H. Tull.

Mrs. Harris is a sister of Mrs. Mellin and only the members of the family were present at the ceremony. The bride is a daughter of the late Rev. and Mrs. Anderson Orr of Roodhouse. The groom is the son of the late Mr. and Mrs. Nathaniel Harris of Roodhouse, he is a conductor on the Chicago and Alton running out of Roodhouse, where he and Mrs. Harris will make their home.

## McDonald-Razor.

Russell L. McDonald, son of Mr. and Mrs. Alvin McDonald, 703 West College avenue, was married recently in Los Angeles, Cal. He was born and reared in Jacksonville, attended the local schools and Whipple Academy and Brown's Business college.

He left Jacksonville two years ago and is now established in the ranching business in San Fernando Valley, Cal.

The following account is from the Van Nuy News: On Tuesday evening, June 29, at the home of Mr. and Mrs. E. E. Razor, the marriage of their daughter, Miss Helen, to Russell L. McDonald, was solemnized.

The ceremony was performed in the patio, around which the spacious home is built. A full moon added peculiar charm to the pretty scene. Growing palms and ferns and a wealth of white and pink roses made a beautiful picture of the very impressive ceremony, which was conducted by Rev. Warren Elsing. Appropriate musical selections were rendered with Miss Blanche Razor, a cousin of the bride from Warsaw, Ind., at the piano. Miss

Josephine Hanna sang two pleasing solos.

The wedding party entered to Mendelssohn's wedding march, the music continuing softly during the ceremony. The bride was given in marriage by her father. She was preceded to the altar by her maid of honor, Miss Helen McDonald. The groom was attended by Jesse A. Razor.

The bride wore a beautiful gown of white satin with veil of tulle, both being trimmed and draped with orange blossoms. Her only ornament was a lovely bar pin, a gift from the groom. Her bouquet, a shower of white rose buds and maiden hair fern, was caught as she departed by Miss Hanna.

The happy couple left for a honeymoon trip which will include a visit in Catalina. On their return they will be at home in Van Nuy.

Simply Worn Out

How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless  
round of household duties? Oh! the monotony of it all—  
work and drudge; no time to be sick; tired, ailing, yet can-  
not stop. There comes a time when something "snaps" and  
they find themselves "simply worn out," and to make matters  
worse, have contracted serious feminine disorder which almost  
always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like  
Lydia E. Pinkham's Vegetable Compound—the expe-  
rience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the  
birth of my last child I had such  
painful spells that would not let  
me entirely for my housework. I suf-  
fered for months and the doctor said  
that my trouble was organic and  
I would have to have an opera-  
tion. That was an awful thing to  
me, with a young baby and four other  
children, no one day I thought of  
Lydia E. Pinkham's Vegetable  
Compound and how it had helped  
me years before and I decided to try  
it again. I took five bottles of Vege-  
table Compound and used Lydia E.  
Pinkham's Sensitive Wash and since  
then I have been a well woman, able  
to take care of my house and family  
without any kind of a day's pain.  
—Mrs. H. Kozzo, 617 Ellis Blvd.,  
Cedar Rapids, Iowa.

Sandusky, Ohio.—"After the birth  
of my baby I had organic trouble.  
My doctor said it was caused by  
too heavy lifting and I would  
have to have an operation. I  
would not consent to an operation  
and let it go for over a year, having  
my sister do my work for me as I  
was not able to walk. One day my  
sister came to see me and told me  
about your medicine—said it cured  
her of the same thing. I took Lydia  
E. Pinkham's Vegetable Compound  
and used Lydia E. Pinkham's Sani-  
tive Wash and they have cured me.  
Now I do my own housework, wash-  
ing and ironing and sewing for my  
family and also do sewing for other  
people. I still take a bottle of Vege-  
table Compound every spring for a  
tonic. I recommend your medicine  
to others who have troubles similar  
to mine and you can use my letter  
if you wish." —Mrs. F. P. Par-  
sons, 1325 Stone St., Sandusky, Ohio.

### COUNCIL WILL ASK FOR BIDS ON BONDS

Instruct Mayor to Proceed to Advertise for Bids—Council Seemed of Opinion That Method Would be More Satisfactory.

Bonds of the filtration and power plants and the consolidated power and light plants will be advertised for sale in accordance with action taken at an adjourned meeting of the city council Wednesday evening.

The council adjourned the regular session until last night at Mayor Crabtree was in St. Louis consulting with bond houses relative to purchasing the bonds. Roll call showed all aldermen present except Moore and Williamson Mayor Crabtree presiding.

Mayor Crabtree told the council something of his trip to St. Louis relative to the sale of bonds for the filtration, power and consolidated light and power plants. The mayor said that the money market was very tight at present and with little prospect of improving. In fact he said that he believed it would get worse for some weeks to come.

He told of his visit to William R. Compton & Company who recently purchased the school board bonds. Mr. Compton told Mr. Crabtree that the city might as well sell its bonds now and stand a loss as the situation would not improve.

The firm offered to purchase the bonds at private sale and agreed to give as high price as the city probably would get by advertising. The firm also said they would make a better figure than the one received by the board of education.

**Favor Open Methods**  
Mayor Crabtree told the council that if he were doing business for himself he would have sold the bonds right there. However, he did not feel this was the proper thing to do. He believed it better to follow the policy of the administration in the past and advertise for bids and to have everything open and above board.

Ald. Chapin said that he probably would sell the bonds at private sale if he were doing the business for himself. However, the aldermen thought that inasmuch as the bonds would sell below par that it would be best to advertise for bids in order to avoid criticism.

Ald. Cain and Flynn agreed with Ald. Chapin. Ald. Ehnle said that few people understood the bond market and that few if any would ever know whether or not the council had advertised for bids. Ald. McGinnis favored selling at private sale as he believed that a better price could be secured.

**FEARFUL AUTO ACCIDENT**  
G. B. Andre came near witnessing a bad auto smashup Tuesday afternoon near Bates. A Ford car was going north on one road and a Buick east. Each driver thought he would beat the other to the corner and both put on speed but according to the law the Ford had the right of way. At any rate the cars came together with a fearful crash. The Ford knocked the Buick 25 feet, smashed two wheels, turned it squarely around and on its side. The Ford sustained two wrecked wheels and both were damaged otherwise. The driver of the Ford was hurt some by glass from the wind shield but none were seriously injured. The Ford car was from Indiana and the Buick from Nebraska.

**VISITOR FROM LITERBERRY**  
W. E. Murray was down to the city from Literberry yesterday. He said threshing was in full blast and yields are generally in excess of expectation. C. H. Hall and William Decker reported excellent yields, more than thirty bushels to the acre of wheat. People along the line of the C. P. & St. L. road are feeling especially complacent over the wheat shipping arrangement whereby grain is promptly moved right along in special cars not used for anything else.

**DEATHS**  
**Cunningham.**  
Robert Turner Cunningham was born near Murrayville, Ill., Dec. 18, 1848, and died at his home, 911 West College avenue, at 1:15 p. m., Wednesday, July 21, 1920. He came of a Godly Scotch family, his parents being Alexander and Mary McKoon Cunningham. He was married to Isabelle V. Beattie of Virden, Ill., to this union were born, two daughters, Mamie E., and Mollie A., who with his wife survive him. He leaves also two brothers, James K. Cunningham, of Murrayville, and Rev. A. M. Cunningham, of China, and two sisters, Mrs. Elizabeth Williams, of Crowley, La., and Mrs. Charles McCracken, of Manchester.

Robt Cunningham's life was characterized by an unflinching faith in God a wonderful love for all, and communion with his Savior, and a consuming desire to help those who needed help—the unfortunate ones. To this end, he went to Chicago and for fifteen years, engaged in city mission work under the direction of the Chicago tract society. At the time of his death, he was affiliated with the Moody church, of Chicago, tho for many years prior to going there he was an active member of Unity Presbyterian church of Woodson, which he served as elder and superintendent of the Sunday school.

For the past five years he has been in failing health, gradually growing weaker until the change came for which he was so well prepared. A neighbor expressed it beautifully in the words "How much Mr. Cunningham will enjoy Heaven."

The funeral will be held from the residence, Friday morning at ten o'clock, in charge of Rev. W. H. Marbach and interment will be in Diamond Grove cemetery.

**GO TO MICHIGAN.**  
Mr. and Mrs. T. M. Tomlinson and daughter are leaving this morning for Pentwater, Mich., where they will spend several weeks in an effort to escape the hot weather.

### ALL COUNTY HEALTH SURVEY IS PROPOSED

Representative of State Health Board Here to Confer With County and City Officials.

Edward A. Hardt, a representative of the state department of health, was in Jacksonville Wednesday for conference with county and city officials. Mr. Hardt's visit was to discuss the advantages and possibilities of employing an all time health officer to serve both the city and county. A number of Illinois cities now have an all time health officer and the state department recommends the plan for all county use. It has been tried out successfully as a county proposition in a number of states.

**Prevent Diseases**  
The all time health officer plan is a development. In many cities in the past, especially those of smaller size, the custom has been for a physician to be employed as public health officer and paid a small salary. As health officials the physician has not been expected to give much of his time to the work and he is but poorly paid for such time as he does give. The records of cities and counties show that the salary paid such a health officer does not by any means represent the expenditures of the department.

It has been the experience in cities where an all time health officer has been employed that a great deal is accomplished in combating preventable diseases. Communities are made healthier and that the cost of maintaining the health department is not larger than under the old system.

An all time health officer qualified by training and experience for the work must of necessity be paid a substantial salary. As already indicated, the salary now paid a health warden does not by any means represent the total expense of the health department.

The indigent sick are cared for by different physicians and bills for services given are filed against the county. Then there are large expenditures in the handling of contagious diseases. Experience has shown that with the health officer directly in charge of all contagious diseases, that much can be accomplished in the matter of both spread and prevention.

**Ready for Survey**  
Not long since Mayor Crabtree asked the state department of health to send a representative here. This request was made after the mayor had consulted with Commissioners Wheeler and Wyatt of the county board. The visit of Mr. Hardt, who has been connected with the department thru a period of years, was the result of the invitation. The whole matter was gone into thoroughly and the visitor told something of the experience of other cities.

It was agreed that the county and state officials that they are ready to try out the all time health officer plan if a survey of the county shows that the time of such an officer could be profitably employed and if satisfactory arrangements can be made for the expenditures of the department.

It was agreed that the state department will be asked to make a survey of the county in order to arrive at the exact conditions and needs. Such a survey will entail practically no expense to either the city or the county.

Goheen on the loss of his daughter who died last week. And that a copy of the resolutions be sent to bereaved family and daily papers.

**DEPARTMENT HAS STILL ALARM**  
The fire department responded to a still alarm about 8:35 o'clock Wednesday morning. Some excelsior and trash in the alley in the rear of the Gilbert South Side drug store had caught fire and threatened to set fire to the old fire escape on the building. No damage resulted.

**BACK FROM OMENA.**  
C. H. Russell has returned from a brief stay at Omena, Mich. Mrs. Russell and Miss Jeanette Russell will remain for an extended stay at the northern resort.

### SHOULD LOOK AFTER SPECIAL TAXES AT ONCE

Report Should Be Made at Once All Work Can Be Done Here, Saving Expense of Springfield Trip.

As the month of July is almost gone, it is time that all merchants, manufacturers and others who are responsible for the collection and payment of war taxes, or taxes on special occupations, to make up their reports or applications at once.

The Revenue Office, Room 209 Scott Block, West State Street, is now in regular running order, and those in charge are prepared to render assistance or provide information and blanks for the use of taxpayers.

Deputy Collector S. J. Tompkins will be in the office a portion of the time between this date and July 31. Anyone wishing to consult him, concerning any phase of revenue matters should make an appointment with him for that purpose. Mrs. T. E. Methven who is the Stamp Deputy will be in the office every day during business hours and will arrange appointments for Mr. Tompkins, in his absence. She is also prepared to render assistance in making up applications for Special Tax Stamps or to complete returns for war tax for the month of June.

Inasmuch as this office has been established, purely for the convenience of local taxpayers, the business men and citizens of Jacksonville should make an effort to handle all revenue business here as far as possible, rather than by correspondence with the Springfield office.

Collector of Internal Revenue John L. Pickering has made a determined effort to provide convenient and permanent headquarters in Jacksonville so that those who have revenue business to transact, will not be required to take the time or go to the expense of a trip to the Springfield office for the transaction of business.

### DR. LYNN PYATT GOES TO HIS ALMA MATER

Resigns Indianapolis Pastorate to Become Member of Faculty of Transylvania University.

A large number of local residents will be interested in reading the following article about Rev. C. L. Pyatt, which appears in the current issue of The Christian Evangelist, the leading publication of the Christian church. Rev. Mr. Pyatt was born and grew to manhood in this city and is a member of a family long prominent in the country. He has filled the pulpit of the Centenary Christian church at Indianapolis until recently, when he resigned to accept a professorship in the department of New Testament at Transylvania university at Lexington, Ky. The article referred to follows:

"On the recommendation of President Crossfield and by unanimous vote of the board of trustees, Chas. Lynn Pyatt of Indianapolis, was elected to a professorship in the Department of New Testament at the annual meeting, June 7, 1919. In 1916 he was born in Jacksonville, Ill., in 1886, and came from a family that was affiliated with the Christian church in the days of Stone and Campbell. After a period of seven years, he received the A. B. and M. A. degrees from Transylvania and the classical diploma from the college of the Bible, being the valedictorian of his class and receiving high honors. Later, he entered Yale and received the B.D. degree in 1913. In 1916 he received the degree of Doctor of Theology from Harvard, having enjoyed the Williams Fellowship for two consecutive years, being the third man in the history of Harvard to enjoy such distinction.

Dr. Pyatt was a favorite student under President J. W. McGarvey, Professor S. M. Jefferson and Professor B. C. DeWeese, and enjoyed the profound respect of Professors Loos, Grubb, and Milligan, who were relinquishing their work during the early days of his connection with the college. Professor Pyatt married Miss Grace Strong, a member of a prominent Central Illinois family, in 1910. During his college days he preached at Newcastle, Ky., and organized a church at Berry, Ky. While in New England he preached successfully for the Christian churches at Everett and Boston, Mass. In 1917, shortly after the declaration of war, Dr. Pyatt went to France under the direction of the Y. M. C. A., and saw nine months' service as hut secretary with the second division and nine months' service as American representative in London and France.

Dr. Pyatt, since his return from the war, has been minister of the Centenary Christian church at Indianapolis, which position he has resigned in order to take up his work in the College of the Bible, September 13th."
